Docket No.: 529212000300

Applicants respectfully submit that there is insufficient showing by the Patent Office why the claims as grouped represent inventions which are independent and distinct.

Applicants note the Examiner's requirement for a tentative election of a single species and further note that no specific definition of species has been provided for purposes of this Examination. Applicants interpret the Examiner's requirement as a request for a particular compound from which the Examiner can base a search. For purposes of complying with 37 C.F.R. 1.143 only, Applicants elect the following species:

Applicants expressly reserve the right under 35 U.S.C. § 121 to file a divisional application directed to the nonelected subject matter during the pendency of this application, or an application claiming priority from this application.

Applicant requests examination of the elected subject matter on the merits.
